Service Providers Directory 2007/2008

From just
£99
per year*

UKSIP is the UK's professional body for investment professionals. With its origins stretching back to 1955, UKSIP has some 5,500 members primarily in the UK but also overseas. UKSIP is one of the largest societies within the CFA Institute's global network. www.uksip.org is the first point of reference for many investment professionals in the UK and Europe. Attracting over 12,000 visits per month (6,000 unique visitors viewing or downloading 77,000 pages), the site sets the standard for the industry.

The service providers' directory is a catalogue of products and services available to the investment community. It's where you need to be seen if you want to be known by the key professional investors in the UK and Europe. If you wish to be listed on the service provider directory, please complete the form overleaf. The prices displayed are for a year's entry into the directory. You can have as many references to your company as appropriate, and all references will have a hypertext link to your website.

What we need from you:

Text Entry The text must be no more than 100 words, not including contact details. Please provide contact details to appear on the site (rather than for administration purposes).

Logo Please send a picture file (.eps) of your company logo.

Both the text & logo should be emailed to our media agents at info@marchpublishing.co.uk or mailed on disc (PC) to UKSIP at the address below. Please call Louise Fryett on 01354 651666 if you have any questions.
